

MAXI-MATIC USA

We know with today's busy lifestyles, families are spending less quality time together. This is why **Maxi-Matic USA** has continued to develop and deliver, quality multi-functional and easy to use kitchen products. We encourage using our beautifully designed products as a shared activity to minimize preparation time so you can spend more time enjoying family, friends, food and making memories.

We recognize that healthy cooking is an important factor in building and maintaining strong bodies. No matter where you go in the world, the kitchen is heart of each home and where families come together each day. This is why we continue to promote healthy cooking, eating at home using natural ingredients and designing our products to support this goal.

For more than 39 years, Family has been the core of the **Maxi-Matic** brand. We bring families together by offering innovative, functional, and stylish products for the home kitchen. With this in mind, we aim to maintain the time-honored traditions of the traditional home while adapting to today's never-ending balancing act of our home, work and social life. Our Elite brands deliver multi-functional, easy to use products that are designed to be fun for family activities but also minimize prep-time in a stationary kitchen or on-the-go! Spend less time cooking and more time with the people, food and the moments that are shared with those you love.

We hope you agree and remember:

"The family that cooks, eats and stays healthy together is living an **Elite** lifestyle!"

Sincerely,
The Elite Team at Maxi-Matic USA
