

GO FARTHER EXPLORE MORE QUIETKAT WILL TAKE YOU THERE

QuietKat is the most powerful, capable eBike on the planet.

QuietKat was founded in 2012 by twin brothers Jake & Justin Roach in Eagle, Colorado with a mission to design a better way to access the backcountry for hunters and anglers while replacing traditional ATVs and combustion-powered vehicles that were prohibited, too noisy, or simply didn't fit on narrow trails. Nine years later and QuietKat is proud to have joined the Vista Outdoor family of powerhouse brands including CampChef, CamelBak, Bushnell, Bell, Giro, and more!
